Human Resources Officer
NB Power
Fredericton, NB
Canada

Re: IT Co-op Student

Dear Ms. Amber:

I am writing to express my keen interest for the IT Co-op Student position at NB Power, as advertised. As a third-year Software Engineering student, I am eager to contribute my skills and knowledge to support NB Power's commitment to providing reliable and sustainable energy.

My academic background and coursework have provided me with a solid foundation in system analysis, computer programming, and testing, aligning well with the requirements. The prospect of working under the leadership of an IT Specialist and gaining hands-on experience with various platforms used at NB Power, including ASP.NET, HTML5, SQL, the MVC framework, the Blazor framework, and Microsoft Power Platform, is particularly appealing to me. I am dedicated to using good programming practices to ensure code maintenance and reusability, and I am eager to contribute to the development and enhancement of in-house applications.

Thank you for your consideration. I look forward to discussing my qualifications with you during an interview.

Yours truly,

Saran
